MEDICINAL

When a woman is nervous her imagination gives fantastic and threatening shapes to the most familiar objects. By day she starts in fear at every sudden or unfamiliar sound. By night the furniture of her room takes on affrighting forms of ghost or goblin. You can't reason with the nerves. Neither logic nor love can quiet them. They must be

nourished and then the outcry of the nerves will cease as naturally as a hungry child ceases to cry when fed. For nervous women there is no better tonic and nerve than Dr. Pierce's Favorite Prescription. It cures the diseases which produce nervousness in women, irregularity, debilitating drains, inflammation, ulceration and female weakness. It tranquilizes the nerves, encourages the appetite, and induces refreshing sleep.

"When I began taking your medicine I was not able to stand on my feet ten minutes at a time," writes Mrs. Hattie Borsdale, of 213 Spring Street, Nashville, Tenn. "I had feeling of uterus, and kidney and liver disease, and was so weak and nervous I could not keep still. Would take nervous spells and almost die at times. I had several different doctors attending, but they could not do me any good. The last one I had said I would never get up again. Told him that I was taking your 'Favorite Prescription' and 'Golden Medical Discovery,' and he said, 'Night just as well take that much weaker each day.' But I thought I would give the medicine a fair trial. Before I had finished the first two bottles I was able to get outside the house and walk around the yard. I kept on taking the medicine and they cured me."

BURNING COLLIERIES.

The situation in the Flat Top coal
field is extremely critical, and the skirm-
ish between the strikers and the guards
at the Pocahontas Collieries Company's
mines yesterday after the firing of the
mine by the strikers, has greatly enraged
the miners from the fact that several of
their men were severely injured.

Adj. Gen. Baker, who had been in the
Flat Top section for a few days looking
over the territory, left at midnight Mon-
day night for other fields, informing the
operators before he left, however, that he
thought the presence of the militia
unnecessary at that time. The out-
break of yesterday probably will change his
opinion, and it is thought that troops
will be there before tonight troops will be
either in the Flat Top region or on
their way there.

The Pocahontas Collieries Company
had the fire in its mine practically ex-
tinguished last night, but has doubled
its force of guards, as another attack is
feared at any hour. Many shots have
been fired from ambush in the direction
of non-union miners going to and from
work in the Flat Top field.

The Elkton region is very quiet, no
violence having been reported from that
section yesterday.

The mine in which the fire was started
is known as the Baby mine, and is the
same one in which twenty miners and
a number of officials lost their lives
several months ago, and the same where
200 miners lost their lives a dozen years
ago.

It is the largest on the line of the
Norfolk and Western Railroad, and has
four main entrances. Every entrance is
now being heavily guarded. Mine officials
expect the Governors of both Vir-
ginia and West Virginia to comply with
their request for troops.

Information reached Roanoke yester-
day to the effect that on Saturday night
striking miners fired the plant of the
Russell Creek Company, near Virginia
City, in Wise county. The tipple, which
was a very large building, was totally
destroyed, and the engine house and a
number of other buildings were burned
to the ground. A number of loaded
coal cars were also burned. So far as
could be learned no arrests have yet been
made, and there is no clew as to who
fired the plant.

A special from Bluefields described in
detail the origin of the fire. It says:

"The west mine of the Southwest
collieries at Pocahontas was set on fire
by miscreants at 2 o'clock yesterday
morning. They broke the lock on the
door of the Beatown entrance and car-
ried in a lot of old lumber to a point
about 200 feet from the entrance. This
lumber was fired about 2 yesterday
morning, and when the fire was dis-
covered an alarm was given. The flames
had gained considerable headway and
the work of extinguishing them was ex-
tremely difficult. All of the men that
could be worked to advantage were en-
listed. There was no loss of life or
personal injury to any of the employes
as yet heard of. It is believed that
some of the strikers set the mine on fire.
This was one of the mines where the
explosion occurred last November, and
great fear is felt that if the flames are
not soon extinguished the accumulation
of gas will cause another explosion. A
late report says that the fire companies
while rushing to the scene of the fire
were shot at several times from ambush
by strikers, but no one was hit. The
party is still in the woods and efforts
will be made to arrest them."

CLAIMS MORE VICTIMS.

The latest advices from Martinique
are to the effect that the latest eruption
of Mount Pelee was more disastrous than
first reports indicated. It is said that
1,160 persons were killed and 1,500 in-
jured. A large tract of country inland
was devastated. The government has
ordered all the northern parishes to be
evacuated. The heat on the island is
almost unbearable, a condition that is
attributed to volcanic action. The heat
is also great in St. Lucia. Thirteen vol-
canos are located on La Soufriere, the vol-
cano on the island of St. Vincent, were
heard between 9 and 10 o'clock on the
night of August 30. The detonations
were heard in Barbadoes and Trinidad
and were so very heavy at Grenada that
they shook the buildings there.

The following undated telegram has
been received in Paris from Fort de
France:

"A violent eruption of Mont Pelee on
August 30 destroyed Morne Rouge and
Ajoupa Bouillon. About a thousand
persons were killed and several hundred
injured. A tidal wave caused damage
at Le Caberet. It was felt at Fort de
France, where it occasioned a sharp
panic. The cruisers Suchet and the
Age are enbarqueing people from the
northern part of the island."

The governor of Martinique cabled
Monday to M. Doumergue, minister for
the colonies, with reference to the
eruption of Mont Pelee on August 25.
He gave no details but added that on
the 28th the eruption appeared to be
calming. The governor of Guadeloupe

A SINGULAR CASE.—August Hafner
12 years ago left his farm in Henrico
county, his wife and children, and dis-
appeared to parts unknown. The wife, not
hearing of him, believed him dead and
married again. His eldest daughter also
married some time ago. Monday an
unkempt, footsore man put in his ap-
pearance at the latter's house. The daughter,
Mrs. Parkinson, soon recognized that the
man before her was her father. Every
attention was shown him. The man told
a strange tale. He was suffering from
a wound in the breast received in a
duel fought three weeks ago. Being
tired out he went to bed early that
night. His daughter, going to his room
shortly afterward to see if he needed at-
tention, found him dead in bed. The
coroner examined the body and stated
that death was due to heart disease.

EVIDENCE OF BEATIFICATION.—An
ecclesiastical court of the Catholic
church met in New Orleans yesterday
for the purpose of taking evidence relat-
ing to the beatification of Father Selons,
the New Orleans priest who sacri-
ficed his life in the great yellow
fever epidemic of 1855. Father Wisel,
by virtue of his appointment from the
congregation of sacred rights in Rome,
will preside at the deliberations. The
ecclesiastical court was appointed by
Archbishop Chapelle, with Rouxel as
senior member. The court will hear
evidence as to Father Selons's claim to
beatification, which will be forwarded to
Rome for final decision. If the decision
is in favor of beatification, Father Selons
will be one of the first American saints,
it is not the first.

A Certain Cure for Dysentery and
Diarrhoea.
"Some years ago I was one of a party
that intended making a long bicycle
trip," says F. L. Taylor, of New Al-
bany, Bradford county, Pa. "I was
taken suddenly with diarrhoea, and
was about to give up the trip, when
editor Ward, of the Laceyville Messenger,
suggested that I take a dose of Chamber-
lain's Colic, Cholera and Diarrhoea
Remedy. I purchased a bottle and took
two doses, one before starting and one
one the route. I made the trip success-
fully, and never felt any ill effect. Again
last summer I was almost completely run
down with an attack of dysentery. I
bought a bottle of this same remedy,
and this time one dose cured me." For
sale by Richard Gibson, druggist.

Take Care of the Stomach.
The man or woman whose digestion is perfect
and whose stomach performs its every func-
tion is never sick. Kodol changes, purifies
and sweetens the stomach and cures positively
and permanently all stomach troubles, indig-
estion and dyspepsia. It is the wonderful
reconstructive tonic that is making so many
sick people well and weak people strong by
conveying to their bodies all of the nourish-
ment in the food they eat. Rev. J. H. Hol-
aday, of Holladay, Miss., writes: "Kodol
has cured me. I consider it the best remedy I
ever used for dyspepsia and stomach troubles.
I was given up by physicians. Kodol saved my
life. Take it after meals. For sale by
